Trosifol® - World of Interlayers

Your new global partner for laminated safety glass

trosifol™
world of interlayers

We are pleased to announce the result of the merger of our Trosifol® and DuPont Glass Laminating Solutions (GLS) brands, which has been steadily evolving over the last two years. Having finally consolidated the Trosifol®, SentryGlas® and Butacite® product brands into one single brand - the new Trosifol® - we can proudly say that we now offer the world's broadest portfolio of innovative glass-laminating solutions.

**New Trosifol®
product portfolio**

**New Trosifol®
branding & website**

To get an overview of our expanded and enhanced product portfolio, please take a look at our new “Product Guide”. In there you will find a comparison of the old Trosifol®, SentryGlas® or Butacite® terms and their new product names. These changes will come into effect by the second quarter 2017.

[» Download portfolio here](#)

The new Trosifol® business also has a fresh new corporate identity - including a new logo and appearance - which we will be rolling out across our new website and product brochures.

Trosifol® at “glasstec” & future events

To present the new face of Trosifol to the market we really look forward to welcoming you on our booth at glasstec, CTBUH and other upcoming events.

Visit us at glasstec in Düsseldorf: Hall 10, stand 10 E 42.

There will also be a very special exhibit at the “glass technology live” show at glasstec in hall 11, stand D24: Trosifol® Extra Stiff - the first printable structural interlayer of the world.
